

SCHOOL DINNER SURVEY

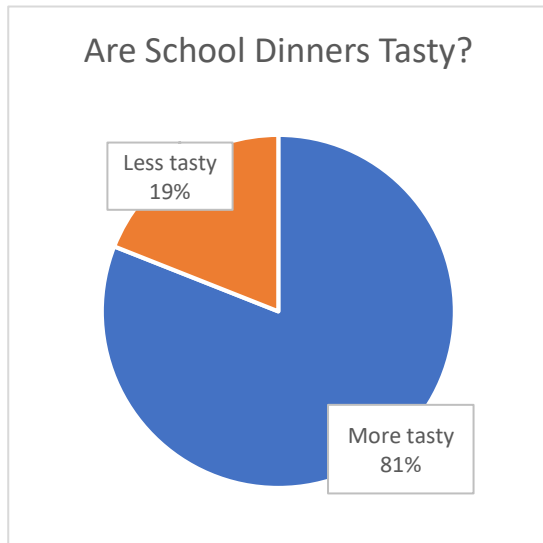

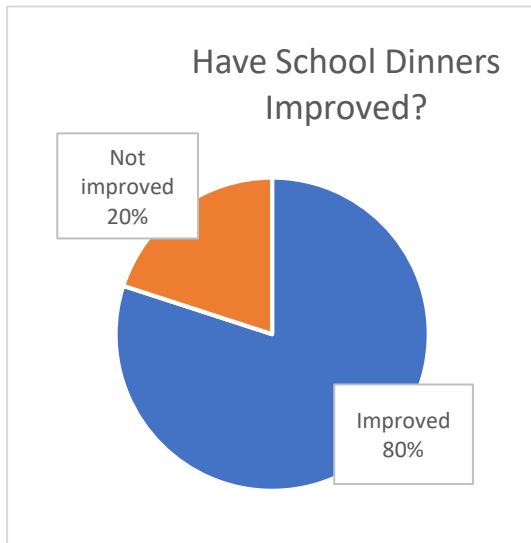

The School Council carried out a survey of their classmates to find out what the children think about school dinners now that they are cooked on the premises, in our new kitchen.

The children were asked whether they thought school dinners had improved and whether they are now tastier than last year.

93% of KS1 and 61% of KS2 children have a school dinner. The majority of children thought that dinners had improved and were more tasty. They said dinners were.....

Delicious and hot, very tasty, scrumptious, yummy, warm, filling and tasty, puddings are the best, good texture, I get to try new foods from the salad bar, the best school dinners!
