| 1 | anonymous | My child has recently joined the school. The members of staff have made them feel welcome from the start and have kept me updated with how they are settling in. This has been a huge relief and already I feel that they are settled and making progress. It is so lovely to have such a warm nurturing environment and that is why we chose this school after looking at others locally. |
| 2 | anonymous | Ability to bring class work home if they are unsure. KS2 netball team to play against other primary schools. |
| 3 | anonymous | I found the eysf staggered start difficult to manage as we had to wait until til 1pm on his first day to go to school! And if felt odd to only do 2 hours for the first week and then only 3 hours the next. Our child was in nursery full time so this was a complete change and he would have wanted to get going quicker. It also got us into habits which have been hard to break e.g. expect to go to cafe and get a treat after school |
| 4 | anonymous | I have nothing but praise, I think it's an excellent school. My one wish would be that Evening Owls provided a more stimulating environment for those stuck in after-school care. |

| 5 | anonymous | I think more varied afterschool clubs. Some children are don't enjoy music or dance. I'm told the lady who doesn't do gardening club has left so no gardening for those who wanted to gardening. PE kit could do with looking at the PE T-shirts tend to shrink, change colour and the badge crinkles up in the wash. Other than this think the school is great and my child enjoys it overall. |
| 6 | anonymous | More things like school discos and fun activities would be great |
| 7 | anonymous | Was once a brilliant school but I don't feel the same way anymore. Lots of nice staff but a lot of staff that discuss personal information about pupils. Appears to be a lot of protection for staff who do wrong but the kids are strung up for minimal age related behaviour. The SEN department doesn't listen enough to parents who are seeking neurodiversity assessments and feel private assessments are the only way. Every tiny thing my children do, school intervene. Comes into school unhappy, falls out with a friend, tired etc. constantly feel judged. I don't have trust in the teachers like I once had. |
