4 (28.5%) don't know as they have not attended

Q8 I think the transition has been effective in preparing my child for school.

12(85.7%) strongly agreed

1 (7%) agreed

1 (7%) didn't know

Q9; I would like to add the following about the start of school life at St Oswald's.

- I think xxxxxx has settled in very well. Her speech has improved so much.
- All the reception staff and support staff have been amazing, very understanding and supportive. We love being part of the St Oswald's School life. Thank you.
- Lots of thoughtful details to aid a good start, like BD from Ladybirds being at the gate and visiting and play characters from the new kids favourite film like Moana.
- My child is loving learning and comes out of school in a great mood each day which fills me with confidence in the school.
- My daughter has settled into St Oswald's really well, she likes all the staff and enjoys going to school everyday.
- My child has settled in really well, loves school ad doing homework.
- It has been great very welcoming and Kay has been extremely helpful.
- Great job! Couldn't be improved from a parents perspective.
- My little boy has matured in 7 weeks with his ability to share/socialise since coming to school.
- Happy settled child since starting school, no issues, very content.

- Warm welcoming school, no issues, excellent flexibility with breakfast club.
- Fabulous!
- You are all wonderful! Thank you

Q10; I think St Oswald's could be even better if

- The children could spend some more time in Church if possible and do the occasional service with Edward Bear?
- (these are minor) drinking fountain in playground, welly boot racks for each class and constant access to both garden areas.
- There were more after school clubs and extra curricula opportunities available. (In response to this more clubs and activities become available to EYFS children in the Spring Term; the autumn term we focus on them settling as they are long days!)
- The newsletter could be more detailed for new parents as you don't know what some things are or if you can or can't attend things. (in response to this events which we invite parents to attend are always sent out separately via separate letters and emails, otherwise the monthly newsletter could be 10 pages long!)
- The green, amber red board was explained when commencing EYFS. My little boy was upset at being on the red board and I did not know how it worked or what to say to him- fab school though we are very happy.
